Radu Dan

Target Role Senior iOS Developer / Team Lead / Mobile Lead

Profile

With 12+ years in mobile development, specializing in Swift for native iOS apps, I've led Mobile Capability at Deloitte Digital Romania, fostering a vibrant team culture.

Currently excelling at Qonto, I achieved zero QA returns, optimized CI build time by 25%, and recruited seven iOS developers. Known for maintaining high coding standards, I developed key features for efficient supplier invoice management and complex VAT transactions. As a technical mentor, I shaped iOS codebase structure, conducted team training, and championed continuous improvement through PDCA cycles.
